TRI and PFAS Team – thanks for the call today with Senate staff. Please see the TA request below. At this point we are looking for RLSO edits and comments, along with providing answers to the questions that came up during the discussion. Let's look to turn something around next week, including time for OCSPF IO review. Please let me know if any questions. Thanks again, Sven

Attached is the next draft, which I tried to clean up by removing resolved comments and flags to reference materials and redlining new text. Thanks to you and the team for the call earlier – hoping this

incorporates all the feedback and captures the open questions, but feel free to fix or add anything I messed up or missed.

Thanks again

Michal
